EXPERIENCE

Cloud Aurora

VA(Remote)

Web Developer Intern

Dec. 2020 – Jan. 2021

. Cloud Aurora is a startup company located in Delaware that tackles on their customer's projects while ensuring data integrity. The company manages services for SD-WAN and Edge Security. During this internship, I designed the company logo by utilizing Adobe Photoshop. Built and developed a prototype website with the purpose of providing a clear and precise way to offer services. The prototype website was developed and formatted by using HTML/CSS/BootStrap/jQuery.

PROJECTS

Personal Website | Full Stack

. Built personal website using HTML/CSS/BootStrap/jQuery.

Cloud Aurora Logo | Adobe Photoshop

. Developed Cloud Aurora logo using Adobe Photoshop.
